Junior Hi MYF Camp

Members of the Jr. Hi MYF Camp to be held at our conference Youth Camp, July 9-14, should be sure applications are sent in immediately. Full registration for each of the camps is almost always reached a month before the opening of the camp. This week is for the youth from the Tallahassee and West Palm Beach Districts. The demand is always more than our conference can take care of, so if you want to go be sure to contact Miss Wilson at the church office. The cost is \$16.00, which the camper pays. The WSCS and Church School pay transportation —\$10.50 for each person.

Senior High Assemblies

Members of the Senior High MYF may register for any one of the three assemblies, held for a full week—August 4-11; 11-18; or 18-25. The applications must be received in the camp office a month prior to the opening of the assembly. The cost is \$18.50 for the youth; transportation is paid for Senior youth as it is for the Junior High youth Only two officers are allowed to register from each church for the Officers' Assembly, July 28-August 4. Full expenses will be paid for this.

Junior High MYF News

We wish to thank Dr. and Mrs. Ledley Brown and family for letting us use their cottage at St. Teresa Beach on Sunday, May 20th for our annual coast party. We attended Early Church and Sunday School and then left for a day of fun and swimming. We would also like to thank those of our parents who went along with us. We all had a lot of fun and for a change didn't get *too* much sun, due to a storm in the mid-afternoon.

We will soon be starting our summer program planning, etc. Candy Wright, our new Vice-President, will be in charge of our programs and we know she will do a good job. One of our first projects will be to give a program for the Lambuth Fellowship on Thursday, June 7th. MYF will move to 6:30 P.M. for Supper and 7:00-7:45 P.M. for Program beginning June 10th because the Evening Worship Services are at 8:00 P.M. during the summer months.

Wesleyan Service Guild News

Virginia Maxwell presided at the recent District meeting of the Guild which was held in the Sanctuary of Trinity Methodist Church on April 29th. This was a wonderful meeting and every Guild in the Tallahassee District was represented. A Memorial Service was given for Mrs. Elsei Green. Mrs. Dorothy Plant was in charge of the program. She also gave instructions to the presidents of each Guild as to how their annual reports should be made out. Each president gave a three minute talk, reporting what their Guild had done for the year.

Trinity's Guild members enjoyed a covered dish supper and joint meeting of all the Guild Groups on Monday, May 21st at 6:30 P.M. in Trinity Hall. A special tribute was paid to Group 6 for having been the outstanding group in getting new members this year. The students from Vashti School in Thomasville, Georgia presented a dramatization of a story that took place during the New Testament times.

DID YOU KNOW?

Mrs. Glenn James was named the "Florida Church Woman of the Year" at the annual convention of United Church Women of Florida held in Sarasota the week of May 7th. She was chosen for this honor because of her work for the ecumenical church membership throughout the state.

Miss Elizabeth Jean Mayo, daughter of Mr. William T. Mayo, won the \$2,000.00 scholarship to the University of Miami from the State Junior Chamber of Commerce "My True Sincerety" essay contest. She was also named winner of one of the Duke University's Angler B. Duke Memorial Scholarships in late April.

Prof. Raymond K. Sheline (Chemistry and Physics Dept. of FSU) with two co-researchers has discovered a new family of football-shaped nuclei—the center part of atoms—a discovery likely to lead to finding many additional nuclei.

John P. Nelson (former member of Trinity, and with the Institute of Governmental Research at FSU) has been appointed by Gov. Farris Bryant to coordinate the work of state, local, and federal governments to provide public services in the mushrooming Cape Canaveral area. Nelson has opened an office in Cocoa and they have joined the Methodist Church there.

Prof. J. Stanley Marshall (Science Education Dept. of FSU) recently told delegates at the National Science Teacher Assn. meeting in San Francisco that "some educators show poor taste in arguing that scientists shouldn't write the new science courses because they haven't studied educational psychology. It may be that our formal studies in these fields have not really taught us very much.

Prof. R. W. Menzel (Oceanographic Institute of FSU) earned a Salt Water Conservative Award, sponsored by the Sears Foundation under auspices of the Florida Wildlife Federation, for research on clams, and assisting advances in personnel training.
