

Camp Davis, N. C.

August 30, 1944

Trinity Methodist Church
Tallahassee, Fla.

Several months ago, when Rev. C.C. Martin left for another district, he left my name with you. In that way I can still get the bulletin.

I have received two of them so far. I received one today. I certainly do appreciate your sending it to me. From reading those two bulletins, I have found out where several boys, whom I either went to school with or knew, are.

I can also tell something more about what is going on around home.

I have been here in Camp Davis for over five months. There have been other places I've been in and liked better than Camp Davis, but I guess I can't complain. I know that the boys over "there" are in much worse places than this. Even though I haven't been over "there" to do my part I can say I am certainly proud of them for what they are doing now. And I hope that they all will be back soon to go back to Tallahassee and the others to

their homes and families.

For this time I had better close.
Again I say thanks "for the bulletin
and I hope I will continue to have
it to read - each month.

Yours sincerely
Hugh P. Bradley
