

December 2, 1944

Dear Friend,

I have been receiving the monthly bulletins put out by the Methodist Church since entering the navy in June, and I have enjoyed reading them very much. Each time I receive one I think to myself that you must have more inside dope on the servicemen from Tallahassee than any single person or organization that attempts to keep up with her sons and daughters. Not only do I enjoy the news but the thoughts that were included at the beginning of each bulletin.

My change of address is listed on the envelope - thanks a lot - and I hope you'll continue sending it.

Sincerely,
Robert T. Dady

P.S. Bill Horne and I, who is also from Tallahassee, are attending radio school here and like the school fine.
