Cambridge, Mass.

Dear Mr. Anderson,

George and I have both been enjoying the church letters you have been mailing to us. It is such a good way to keep up with everything happening at home.

I plan to stay with George just as long as he is stationed where I can be with him. It is fun to be keeping house and cooking again. I prefer that to office work any day.

This New England weather is
delightful. We are enjoying
every minute of our stay
here. These last few days
have been almost too
cool for my southern
blood, but everyone assures
me hot weather will be
here soon.

Best regards to all,

Sincerely,

Mary Wiley Helms
