SEVENTEENTH AND LOCUST STREETS

PHILADELPHIA

Monday Nite

Dear Dr. Anderson,

This is a letter that for many moons has been an addition to the paving of the place where good intentions go for pavement.

Since I have been transferred and now stand the possibility of losing out on my only reliable source of Tallahassee information, I have to tell you that I look forward to the Bulletin regularly, and now that I'm in Philly I'll really be looking.

This country boy sure does fell out of place with all the sub way and elevated trains in this big place.

I have been transferred from the A+R shop at Jax to the Naval Aviation Supply Depot, Philadelphia, Pa. Quite a change in jobs as well as weather.

I will appreciate it if you will leave the bulletin sent to me at my new address. Give my regards to Mrs Anderson the children.

Sincerely yours

A CLUB FOR SERVICE MEN
